**Robert Bosch Tool Corporation donates Router and Accessories to Morris Community High School's
*Advanced Manufacturing Project***

The Industrial Technology program wants to thank **Robert Bosch Tool Corporation** for donating **Bosch model 1617EVS** router with **the RA1166 plunge base** and **RA1125 Template Guide Set** and the **RA1109 guide** to our program to be used on our Taylor Guitar Project. This is a tremendous help to my students and their education here at Morris Community High School. The Taylor Guitar project is a great way to interest students in learning, and problem solving, and exposing them to the wood industry. The donations from **Robert Bosch Tool Corporation** will help us get one step closer to starting our Advanced Manufacturing program.

Attached to this email are photos of the students working on their guitars.

Thank You

Mark Smith

Industrial Technology Instructor

Morris Community High School 1000 Union Street

Morris, IL 60450
