Klingspor and Saint-Gobain donate to Morris Community High School's

Advanced Manufacturing Project

The Industrial Technology program wants to thank **Klingspor and Saint-Gobain** for donating **Abrasives** to our program to be used building our Advanced Manufacturing Program. This is a tremendous help to my students and their education here at Morris Community High School. The abrasives will be used to sand our Taylor Guitar bodies and necks, and help expose them to the wood industry. The donations from **Klingspor and Saint-Gobain** will help us get one step closer to starting our Advanced Manufacturing program.

Thank You

Mark Smith

Industrial Technology Instructor
