

RESOLUTION

RECOGNIZING MARK SMITH

Whereas, MARK SMITH transformed SHILOH HIGH SCHOOL'S INDUSTRIAL ART PROGRAM into a nationally recognized success by taking what were once broken machines and rebuilding them into working order in addition to requisitioning technologically advanced equipment; and

Whereas, MARK, an exemplary teacher, embraces the Technological Age and has brought it directly to his students through the enhancement of related course offerings as well as having made the connection in the classroom to real life situations; and

Whereas, the professional talent of the Shiloh Industrial Technology Students can be seen in the finely-crafted office counters, podiums, shelf systems and storage units within the school district as well as custom kitchen cabinets in homes within the community; and

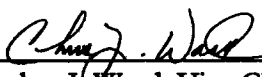

Whereas, MARK is recognized by his peers and the community for his motto "Linking Education with Industry." His effort to form an Industrial Technology Advisory Committee to support the IT program is primarily responsible for the good will that has been generated in the school and community. This group has joined WoodLINKS USA, a national organization linking education with industry; and

Whereas, MARK prepares his students with numerous opportunities for success not only in high school, but beyond.

Therefore, be it Resolved by the Illinois State Board of Education that MARK SMITH and the SHILOH HIGH SCHOOL INDUSTRIAL TECHNOLOGY PROGRAM is recognized on this, the 22nd day of June, 2006, for his dedication to his students and teaching.
