Dear Mr. Smith,

The program you teach your students and the passion you show the young people in learning a trade that can be applied in our rural setting as well as cities afar, fill me with much gratitude and respect for you. I grew up in an area much like Hume, Illinois. I worked in the cabinet industry for 20 years, with 16 years managing the finish department which lead me to Becker Acroma Inc. of Canada, selling wood finishes in the United States and Mexico for the next 5 years, even training in Italy for 2 weeks on their elaborate systems. Now I am back in my home area of Arthur, Illinois, selling and servicing wood coatings to the many cottage shops, and to your program. My point is this. You never know where life will lead you. Mr. Smith, what you are doing for the young people in your program will <never> be forgotten by them.

With Much Respect
